

כ"ו

More math - the intended speed

- Use a circle
- Measure angle and distance to center
- Some trigonometry later...

speedstays -1to1

Quicker calculations can work for many use cases

Make sure there are no side effects!

More math - the intended speed

- Use a circle
- Measure angle and distance to center
- Some trigonometry later...

Speed stays -1 to 1

Quicker calculations can work for many use cases
Make sure there are no side effects!

**Walls are there to be
broken through**
